We, at **Apex International School** firmly believe that the goal of the school is to educate each student to achieve opportunities for his social, artistic and aesthetic growth and become a good citizen. The achievement of this goal requires lots of hard work, sincerity, perseverance and never-say die spirit and we at this school are honestly committed to that.

To achieve the aims and objectives of a school, it is essential that a disciplined approach must be adopted at all levels. We have taken great care to strengthen the discipline in the school which actually is a reflection of its soul and it assures a complete growth of students.

Our approach to learning process involves some important and contemporary methods. Learning takes place through a variety of student driven Activities, Projects, Workshops and Seminars by eminent personalities.

We, with the support of staff and students have been working in this direction, with positive attitude and a great expectation to achieve the mission of the school. This is my earnest request to all the students and their parents that they must have a sense of belongingness for this school so that it is easier for us to show these children, the infinite possibilities waiting for them in the world outside.

## Message from the Chairman

Quality education goes away beyond theoretical knowledge, with emphasis on values and skills that help young minds evolve into better individuals. Our ultimate objective is to nurture the child into a great personality & make them the best citizen.

we assure to provide quality education to our kids which shall be at par with the best co-ed schools in India. A place, where the young minds will be managed by experts from different fields with wishes and commitment to uphold the belief of all who have their faith in us.

I extend my best wishes to all those working towards making quality education all pervasive for a better tomorrow. Let's walk with hand in hand and take our motherland to a greater height.

**Mr. Ashok Kumar**  
Chairman

## Message from the Academic Director

The school ensure climate of openness to new learning that incorporates best practices and effective methodologies based on worth, uniqueness, polishing each individual's potentialities and therefore promotes creation of a new learning culture in which students inculcate the spirit to become life long learners. The school offers many programme which aim to nurture thousands of young minds through its value oriented education and preparing the students to achieve and accomplish the desired goals in their present and future.

Wants appreciated solid support and collaboration from the parents and well-wishers in all our endeavours. So, Apex International School is not only an institution but a family. As a result Apex International School is today a school most sought after, from where students would like to prepare not only for their cherished careers in the world but also for life itself.

The concept of Global Citizenship and approach towards the Holistic Development has been the essence and vital force of Apex International School which ensure their glorious past, progressive present and promising future. In our constant effort and endless enthusiasm, I want your full cooperation through your support and feedback in imparting quality education and serving our motto beyond the boundaries.

## Message from the Managing Director

School is the training centre for the citizens of tomorrow. To ensure that Indians have a remarkable space in the global platform, We need to nurture and promote innovation in thinking. Children must be encouraged to think through a problem and come up with creative solutions by the help of technical support.

Every new day brings a new experience to be felt and a new mystery to be solved, so everyday there is a new era to be explored. This is a process that helps in moulding and shaping the budding geniuses for the bright future of the nation.

Finally, the future lies in the hands of individuals who are ready to learn through their lives. The understanding and acknowledgment of this fact will bring about commitment and qualitative change in teaching & learning process by the coordination of all the stake-holders of education sector i.e. Parent, Child and Teacher.

**Mrs. Indu Yadav**  
Managing Director

# Introduction

## "Remember those first steps that your child made while walking."

In an intensely competitive world today, there is an urgent need to start as early as possible and make children ready for the world of future. Even today is late.

At Apex International School, we believe in an early start. It's the right time to lay the first step for your child's bright future.

Children are our HOPE and FUTURE. It is our privilege as parents and teachers to participate in their GROWTH.

Apex International School team is a unique combination of Experience Educationist, Qualified and Trained Teachers and Corporate Manager, it strives to achieve the objectives of the organization via continuous research, introduction of latest training methodologies and follow up to ensure adherence to set guidelines.

## About us

## Aims & Objectives

It has a distinct culture in the cradle of which promising children are progressively acquiring good traits, habits and education. Besides the school motto of Honour, Faith and Excellence it also uphold the essence of Indian culture and heritage as well as keeping its door open to modern thought and scientific outlook. Aim of the school is to create a free and healthy atmosphere to inculcate the spirit of nationalism, brotherhood, a sense of discipline, gentle manners and refined tastes. Equal importance is being given to build a healthy and strong body by physical exercise, games and sports. Maximum efforts are being put in to galvanize the hidden talents of students, to build, grow up and encourage to participate in different field of extra competitive world. like inter school painting competitions like elocution contests, writing competition, Science and General Knowledge Quiz.

English is the medium of instruction and Hindi as National language is taught from Beginner.

# Computer is taught from Class I onwards.

- To strive for excellence in all we do, based on agreed values.
  - To offer a broad, balanced, coherent and relevant curriculum with high standard of teaching and learning.
  - To enable all learners to achieve their full potential irrespective of academic ability, gender, race and culture.
  - To help to develop adaptable, creative and motivated individuals who can take responsibility for their own learning and also work effectively in teams.
  - To encourage everyone to reach their own informed judgements and decisions and to act upon the responsibility.
- To develop self-discipline and tolerance as well as respect for themselves and others.
  - To foster positive, supportive and stimulating relationship with all members of the school community and the wider worlds.
  - To provide a caring environment in which everyone feels that their efforts and contributions are valued.

## Curriculum

Apex International School provides education from Beginners to X and the medium of instruction is English. The School always organise, co-curricular and extra-curriculare programs like Music & Dance, Dramatics, Arts & Crafts, P.T., Indoor & Outdoor games, Yoga practice, Natural health training, Handicrafts etc. to encourage the students to avail themselves to achieve opportunities for total growth. Apex International School believes that academic qualification alone do not make an individual truly educated. The classrooms are well equipped with healthy atmosphere and modern methods of Education.

# Class-room Feedback System

Apex International School believe to provide the best to the students, not only the best mentors but also the possible system. As a part of the system the school will take feedback on quarterly basis from students regarding the performance of teachers and the working style of the system. This will help to pin point exactly the areas where students are facing problems and the school will act appropriately to address the problems being faced by the students during the course of their preparation. The students feedback will also help to gather various kinds of suggestions for immediate implementation and various kinds of complains for immediate redressal.

# Performance Report

Apex International School believes that parents, guardians and mentors have their joint responsibilities for all round development of the children. The contributions from both the sides is necessary to develop the personality of the child. So, Apex International School believes that it is imperative on its part to keep the parents / guardian of the respective students update time to time the progress and development of their children. The performance of each and every student in various test, the regularity and punctuality of the students in classes etc. will be intimated to their respective parents / guardians from time to time so that they can also guide their wards and take necessary steps for improvement of their child/student.

# Parent-Teacher Meeting (PTM)

In order to appraise performance of any student to his/her parents / guardians a regular parent teacher meeting will be convened. In this meeting, the progress of the student in his/her school class will be discussed and suggestions for parents by teacher and vice-versa will be delivered & invited for the betterment of the services provided by the institute leads to over all growth of the students.

# Why Foundation Builder?

Foundation Builder Program is the first step towards nurturing the young minds of the country. Research has proved that most of the development of the human brain occurs in these formative years. We, at APEX, are strongly motivated to develop the inquisitiveness and curiosity of the child into a vision. It's an attempt on our part to develop future leader, scientists and visionaries, the basic foundation of which lies in the clarity of thought.

The importance of fundamentals in Science / Maths cannot be overemphasized and plays a pivotal role when a student steps out into the professional world outside. In fact, all competitive, aptitude and professional exams ranging from NTSE through International Olympiads, IIT-JEE, AIIMS, PMT, CAT, GMAT, GRE, SAT etc. have a significant component focussing on fundamentals. Hence, the need of the hour is to build the fundamental base as strong as possible.

The syllabus of this program has been designed to lay a strong foundation of basic concepts in Science and Maths. The rational approach in dealing with the problem is an asset which will be useful in all spheres of life. We strongly believe that an early start will be a big advantage. At Fundamental Builder Program, we teach students to think beyond the school books and inculcate the love for the subject.

In this enjoyable journey of learning, the Foundation Builder Program will also groom your child for the challenging examinations coming along this path. Most of the examinations, which a student faces during these years, are based on thorough understanding of the subject, which if prepared in a systematic and a scientific manner, can be dealt with ease. Also, the criteria for selection to universities/ abroad is steady performance right from class 6th which makes building the foundations even more important.
